Dr. Deepti Parashar, Scientist E

Date of Birth: 1976-11-20

Date of Joining ICMR: 14th Nov, 2006

Date of Joining Present Post: 1st Sep, 2018

Address (off): ICMR-National Institute of Virology
20-A, Dr. Ambedkar Road P.B. No.11, Pune - 411001.

Telephone (off): 91-20-26006261

Fax : 91-20-6127669

Email : deeptiparasharster@gmail.com, Parashar.d@niv.co.in

Educational Qualifications:

- Ph.D, Microbiology, National JALMA Institute for Leprosy and Other Mycobacterial Diseases, Agra (2004).

Discipline:

- Microbiology and Molecular Biology

Research Experience:

- Total 23 years

Awards / Fellowship:

- Endeavour Executive Fellowship, Nano Biotechnology Research Laboratory, Centre for Advanced Materials and Industrial Chemistry, RMIT University, Melbourne, Australia (13th March – 13th July 2016).
- ICMR-International Fellowship, Uniformed Services University of the Health Sciences, F. Edward Hébert School of Medicine, Bethesda, MD (1stApril 2011 – 1st Oct 2011).

Employments

S. No.	Position/Designation	Duration	Name of Organization/Place of Work
1	Scientist 'E'	From 1st Sep 2018	ICMR-National Institute of Virology Pune
2	Scientist 'D'	From 1st Sep 2014	ICMR-National Institute of Virology Pune
3	Scientist 'C'	From 1st Sep 2010	ICMR-National Institute of Virology Pune
4	Scientist 'B'	From 14th Nov 2006	ICMR-National Institute of Virology Pune

Patent granted:

1. "Primers and method for identification of pathogenic mycobacteria", Indian Patent (No.242073, Grant Date: August 09, 2010).
2. "RNAi agent for inhibition of Chikungunya virus"
    - United States Patent granted on 21st Feb 2017 and patent no. allotted is US 9574195.
    - Chinese Patent granted on 22nd Oct 2019 and patent no. is ZL201480037556.6
    - European Patent granted on 11th Sep 2019 and patent no. is EP 3017046
    - Australian patent granted on 15th July 2021 and patent no. is 2014285701
    - Indian patent granted on 08th July 2021and patent no. assigned is 371495

Extramural Grants:

Completed:

- Studies on CHIKV - vector virus interactions, development of diagnostics, vaccine and prophylactics (as Principal Investigator; Duration: 2009-13, Funding agency: ICMR; Budget: Rs. 76, 50, 369).
- Study based on miRNA and host immune response to CHIK infection (as Mentor; Duration: 2014-16, Funding agency: DST; Budget: Rs. 21, 00, 000).
- Training program in the area of Modern Biology – under support to Indian Institutes (DHR): Molecular Virological Techniques for dengue and chikungunya (as Coworker, Funding agency: DHR, Budget: Rs. 1000000/ year).

Ongoing:

- Structure-based design and evaluation of the antiviral activity of potential lead compounds against the CHIKV (as Co-Investigator; Duration: 2017-2020; Funding agency: ICMR, Budget: 43.7 lakh)
- Use of lipid nanoparticles for effective delivery of siRNA against CHIKV (as Principal Investigator; Duration: 2017-2020; Funding agency: DST Nano Mission; Budget: Rs. 65,43,168).
- Monitoring of dengue and chikungunya viruses circulating in India for changes in the serotypes, genotype and lineages utilizing Viral Research & Diagnostic Laboratories Network (as Co-Coordinators, Duration: 2018-2020; Funding agency: DHR-ICMR, Budget: Rs.7624000).

- Apex referral laboratory activity for National Vector Borne Disease Control Programme (as Coworker, Funding agency: NVBDCP, Budget: 300000 / year).
- Repurposing of drugs towards anti-Dengue and Chikungunya viruses using the systems biology approach (as Co-Principal Investigator; Duration: 2019-2022; Funding agency: ICMR; Budget: Rs. 2962400).
- Scaling up facilities for production of Diagnostic kits/ Reagents for detection of JE, DEN & CHIK viruses" kits (as Principal Investigator; Funding agency: NVBDCP)
- Complete genome sequencing and molecular characterization of circulating dengue viruses circulating in India using a next generation-based sequencing approach (as Co- investigator; Funding: DHR, Budget Rs. 24,97,000)
- An observational analytical prospective study on host and virus related variations associated with arthritis in chikungunya patients in North East India (as Principal investigator; Funding: ICMR, Budget: Rs.64,32,000)
- Development of mRNA based candidate vaccine for the prevention of chikungunya virus infection (as Co- investigator; Funding: DHR, Budget: Rs. 30,00,000)
