Mr. R. Kamarajan - 26
North Street, Andavar Kovil Post,
Manapparai Taluk, Trichy District,
Pincode: 621306,
Tamilnadu, India.
Email: biokam25@gmail.com
Mobile. No: +91-8489468419

Career Objective

Looking for a full-time position in Research (Academic), where I can demonstrate my technical and experimental skills and contribute to the development and better understanding of science for the benefit mankind.

Academic Qualification

M-Tech: Industrial Biotechnology - (2017 to 2019) First Class **(8.60 CGPA)** in Sathyabama Institute of Science and Technology, Chennai, Tamilnadu, India.

B-Tech: Biotechnology - (2013 to 2017) - First Class **(7.79 CGPA)**, Kalasalingam Academy of Research and Education, Virudhunagar, Tamil Nadu, India.

Area of Specialization

- Regeneration & Stem Cell Biology, Vaccinology

Professional Experience

- **2020 to perusing -** Project entitled on, 'Understanding the molecular mechanism of earthworm regeneration through Apoptosis Induced Compensatory Proliferation, in Sathyabama Institute of Science and Technology, Chennai, Tamilnadu, India.
- **2018 to 2019 -** Project entitled on, 'Unraveling the Molecular Mechanism of regeneration through *in-vitro* culturing of earthworm primary cells', in Sathyabama Institute of Science and Technology, Chennai, Tamilnadu, India.
- **2017 to 2018 -** Project entitled on "Heat-inactivated Coelomic fluid of the earthworm *Perionyx excavatus* is a possible alternative source for Fetal Bovine Serum in animal cell culture" in Sathyabama Institute of Science and Technology, Chennai, Tamilnadu, India.

- **2015 to 2017 -** Project entitled on, 'Identification and Cloning of Bacteriocin producing genes from *Lactobacillus Delbrukii*', in Kalasalingam Academy of Research and Education, Virudhunagar, Tamil Nadu, India.

Research Experience

- **Project Assistant (NRDMS-DST)** at Stem Cell and Molecular biology lab, Department of Human Genetics and Molecular Biology, Coimbatore, Tamilnadu, India. **(One Year - 2019 to 2020)**
- **Junior Research Fellow (DST-SERB)** at Regeneration and Stem Cell biology lab, Center for Molecular and Nanomedical Sciences, International Research Center, Sathyabama Institute of Science and Technology, Chennai, Tamilnadu, India. **(Two Year - 2020 to 2022)**
- **Senior Research Fellow (DST-SHRI)** at Regeneration and Stem Cell biology lab, Center for Molecular and Nanomedical Sciences, International Research Center, Sathyabama Institute of Science and Technology, Chennai, Tamilnadu, India. **(2022 - perusing)**

Technical Skills

- **Basic cell and organ culture techniques**: Isolation and culture of primary cells (T lymphocytes, dendritic and retinal cells), Maintenance of adherent (HeLa, MCF-7) and suspension cell lines (H2-kd, RMAS-kd, and P815), Earthworm organ culture, BrdU labelling Assay, MTT, Wound Healing Assay, Immunfluroscence and Immunohistochemistry.
- **Microbiology:** Laboratory safety and sterilization techniques, Microscopic methods in the identification of microorganisms, Preparation of culture media, Culturing of microorganisms, Screening of microbes from selective and differential agar media.
- **Molecular Biology:** Isolation of Genomic DNA from bacterial, plant and animal cell, Isolation of Plasmid DNA from Bacterial cell, Isolation of RNA from bacteriacell/eukaryotic tissue/cell line, Transformation and Gene cloning techniques, Construction of Genomic Library, PCR, TA cloning and Gateway cloning (EZ), Screening of recombinants through colony PCR/ Scoring of PCR cloning recombinant, Expression of recombinant clone in *E. coli*, SDS-PAGE, cDNA synthesis, Western Blotting, Immunoprecipitation.
- **Computational immunology and Bioinformatics:** Prediction of T and B cell epitopes. Proteasomal cleavage analysis, Immunogenicity analysis, Antigenicity analysis, phylogenetic analysis and basic skills in Bioinformatics tools for Primer Designing, Statistical analysis using GraphPad Prism and Molecular Docking.

Expertise

- Thermocycler, ChemDoc, Spectrophotometer, Nanodrop, Phase contrast microscope, Fluorescence microscope, Electrophoresis, Blotting techniques and Microtome.

Training /Workshop attended

- Workshop on **"Laboratory Animal Techniques in Ethics"** Conducted by the Center for Laboratory and Research at Sathyabama Institute of Science and Technology, Chennai, Tamilnadu, India. **(2018)**
- Workshop on **"Cytogenetics and Molecular Biology Techniques"** conducted and Performed as a **"Technical demonstrator"** by the Department of Human genetics and Molecular Biology, Bharathiar University, Coimbatore, Tamilnadu, India. **(2019)**
- Workshop on **"Hands-on Workshop on "Molecular Biological Techniques and Software Packages"** conducted and Performed as a **"Tutor"** by the Department of Center for Molecular and Nanomedical Sciences, International Research Center, Sathyabama Institute of Science and Technology, Chennai, Tamilnadu, India. **(2022, 2023)**

Patent

- Mosquito attractant and killer device (201841022792). **(2018)**
- Alternative supplement for serum in animal cell culture medium (201941009691). **(2019)**
- A deep root watering system (202241036037) **(2020).**
