

To,
The officer in- charge,
Office of Sun Pharma Science Foundation,
8 C, 8th Floor,
Hansalaya Building,
15-Barakhamba Road, Connaught Place,
New Delhi.

Dear Sir,

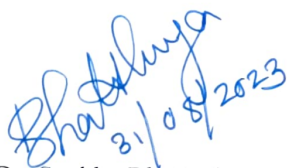

This is to certify that the research work titled “Vesicular Drug Delivery for Skin Cancer” is authentic work done by Mr. Prafull Vijaykumar Shinde, in the four walls of the institute under the guidance of Dr. Amit B. Page.

His work is an example of dedication, hard work and application of scientific knowledge related to development of nanovesicular system. I am sure that his project will open a new dimension in management of cancer with multi drug treatment.

It is not just his technical skills but involvement in the work being done with amazingly positive attitude and eagerness to stick to the deadlines. His readiness to work extra hours to complete the task of the day was appreciable.

I found his work, most eligible for the “The Sun Pharma Science Foundation Science Scholars Award 2023”.

Sincerely,

Dr. Sankha Bhattacharya,
Asso. Professor and Head,
Department of Pharmaceutics,
School of Pharmacy and Technology Management,
SVKM's NMIMS, Mumbai
