Letter from the supervisor

To Whomever It May Concern!

Hereby, I'm certifying that the research work entitled "*Development of novel therapeutic strategies against KRAS-mutated cancers*" was solely performed and completed by my doctoral scholar **Mr. Prasanna Srinivasan Ramalingam**. In this, he developed several therapeutic strategies including small molecule inhibitors, siRNA, and vaccine candidates against the KRAS-mutated cancers. He has published these works in various peer-reviewed journals including *Frontiers in Medicine*, *3Biotech*, *Molecular Oncology*, and *Current Issues in Molecular Biology* respectively. I strongly recommend that he is a suitable candidate for this award and I certify that he has completed the research work. If you further need any information regarding him, kindly contact me by Email: siva_kumar.a@vit.ac.in
