

**Sun Pharma Science Foundation**

Dear Members of the Sun Pharma Science Foundation,

I am writing to provide a strong justification for sponsoring the nomination of Rupesh Sanjaykumar Jain for the Sun Pharma Science Foundation Science Scholar Awards. As a nominator, it is with great enthusiasm that I endorse their candidacy for this prestigious award. Rupesh Sanjaykumar Jain is an exceptional individual who has consistently demonstrated outstanding dedication to the field of skin cancer with a combinational drug delivery approach. Their commitment to scientific research and their impressive accomplishments make them a truly deserving candidate for this esteemed recognition.

Here are some key reasons for my endorsement:

Rupesh Sanjaykumar Jain has consistently excelled academically and has demonstrated exceptional competence in their field of study. Their academic achievements, include International research and review publications and Indian patents. His research work on the Design and Evaluation of Photodynamically Active Lipid-Based Nanoformulations for Combination Therapy against Skin Cancer" showed potential therapeutic outcomes for skin cancer area treatment. Beyond their individual achievements, he has actively engaged in collaborative research projects and has demonstrated strong leadership skills within the laboratory and academic settings. He is not only passionate about their own research but also dedicated to promoting scientific knowledge and education. I have no doubt that he has the potential to continue making significant contributions to their field in the years to come.

I wholeheartedly believe that Rupesh Sanjaykumar Jain embodies the ideals and goals of the Sun Pharma Science Foundation and that their contributions to science align perfectly with the foundation's mission. I am confident that he is the potential candidate for this award.

Thank you for your attention to this nomination, and I look forward to the possibility of Rupesh Sanjaykumar Jain being recognized for their exceptional contributions to the field of science.

Sincerely,
