Respected Sir,

I formally recommend **Shadaan Ahmad** for the Sun Pharma Science Foundation Research Fellowship 2024. After careful consideration of his performance, achievements, and contributions to the research field, it is evident that he has consistently demonstrated exceptional skills, and dedication, that make him an ideal candidate for this research fellowship.

Shadaan Ahmad is currently pursuing PhD in Pharmaceutics under my guidance and completed a six-month internship at Sun Pharma for preparing a SNEDDS formulation for an anti-cancer drug during his master's, he has also received a patent for his formulation and has published various articles as well along with his peers and is now working for a combinatorial drug therapy for neurodegeneration. He has a proven ability to work hard and accomplish his goals.

I am confident that he will continue to excel in the responsibilities of a research person. Thank you for considering this justification. I am happy to discuss Shadaan Ahmad's qualifications and achievements further if needed.

Sincerely,

**Forwarded By:**
