

Awards and Recognitions (Young Scientist Award of a science or a medical academy or a national association of the applicant's specialty)

- Concept proposal of organizing the *Regional Young Investigator's Meeting 2023* (RYIM), Pune was selected and funded through a competitive scheme by India Bioscience, NCBS Bengaluru (supported by the Department of Biotechnology, Govt. of India) and was lead organizer for the same.
- Awarded Dr Shirish Daftary prize for *Original Research work in Obstetrics & Gynaecology* by Pune Obstetrics & Gynaecologist's Society (POGS) December 2022.
- Selected for *Young Investigator Fellowship in Maternal and Child Health* by PRERNA, Platform for Research Excellence Related to National Aims) India platform funded by BMGF IN 2019-20
- *Invited for a talk at ICMR – NIRRH's Golden Jubilee conference* on the Role of Magnesium Oxide nanoparticles in the treatment of pre-eclampsia-induced Wistar rats, in March 2020
- Conferred **Membership of the National Academy of Medical Sciences**, (MNAMS) New Delhi in the subject of Obstetrics and Gynaecology in 2015
- Invited for paper presentation at the First National Medical Students Research Conference the Moving Academy of Medicine and Biomedicine organized in November 2007.
- Selected for Short Term Research Studentship (STS) program in 2005 – 06 by ICMR
- Conference presentations that won prize for PhD work

Name	Organized by	Dates	Presentation	Topic	Prize
Emerging Trends in Nanomaterials and their applications	Dept. of Medical Physics, DR. D. Y. Patil University	2 nd – 3 rd June, 2017	Oral	Reproductive & Developmental toxicity testing of Metal and Metal oxide nanoparticles using Chick embryo model system	2 nd
International Conference on Nanotechnology for Human Welfare	College of Engineering, Pune	1 st – 3 rd Feb, 2018	Oral	Effect of Zinc Oxide Nanoparticles on Lipid Profile and its Anti-obesity Activity in Streptozotocin-induced Diabetic Wistar Rats	2 nd
Clinical Pharmacology: contributing to global health	South Asian Chapter of American College of Clinical Pharmacology	29 th April – 2 nd May, 2018	Oral	Hematinic effect of Zinc oxide nanoparticles in Wistar rats	2 nd
