

Justification letter for sponsoring the nomination

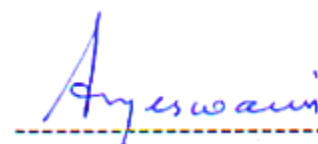

I nominate Dr. MG Rajanandh, an Assistant Professor in the Faculty of Pharmacy at Sri Ramachandra Institute of Higher Education and Research in Chennai, Tamil Nadu, for the “Sun Pharma Science Foundation Research Awards.”

Being an academician, though research is not mandatory, he is actively involved in conducting research since he is interested in and dedicated to clinical research. He is meticulous not just in conducting quality research but also in publishing the results of that research in an indexed journal, thereby bringing value to the field. He has published 81 publications in various National and International journals to his credits. Only a few researchers with a pharmaceutical background work in clinical research. I would like to nominate him for this particular award in order to encourage him to continue his research in clinical and publication.

I have also observed prior Sun Pharma Science Foundation Research Award winners. The majority of them were senior academics or professors of higher rank. Dr. MG Rajanandh is a middle-aged faculty who works as an assistant professor, and I would want to recommend him so that other middle-aged candidates will be encouraged as well, regardless of their year of experience or grade/designation.

Thank you for honoring professionals in their fields, and my best wishes to Sun Pharma Science Foundation to continue their service.

Sincerely yours

Dr. A.D. NAGESWARI, M.D (Chest), D.T.C.D.F.C.C.P.
Professor & H.O.D.
Department of Pulmonary Medicine
SRM Medical College Hospital and Research Centre
SRM Nagar, Potheri, Kattankulathur - 603 203.
