To Whom It May Concern,

I am writing to confirm that the research project titled “N-Formyl-L-aspartate mediates chemotaxis in sperm via the beta-2-adrenergic receptor” submitted for the Sun Pharma Science Foundation Science Scholar Fellowships-2024 has received ethical clearance from the concerned authorities.

The project has been reviewed and approved by the Institutional Ethics Committee of ICMR-NIRRH, ensuring that all research activities adhere to the highest ethical standards. The ethical clearance certificate is attached to this letter for your reference.

This clearance ensures that the research has been conducted with due regard for the ethical considerations involving human or animal subjects, as applicable. We are committed to maintaining these standards throughout the course of the project.

Please find the attached certificate of ethical clearance for your records.

Thank you for your attention to this matter.

Sincerely,

Ms. Durva Panchal

Ph.D. Research Scholar
