TO WHOMSOEVER CONCERNED

This is to certify that the research work submitted for the Sun Pharma Science Scholar award entitled “**Mineralizing cell-derived exosomes integrated with polymeric scaffolds in bone tissue regeneration**” is carried out by Sasmita Samal, 5th Year, PhD student at DBT-Institute of Life Sciences.

The original research work has been carried out by her under my supervision from the academic year 2018-on going at present. On the basis of the declaration made to her, I recommend the report for the Sun Pharma Science Scholar award 2023 for evaluation.
