Govt. of India

To,

Prof. Virander S.Chauhan,

Biotechnology Research Professor,

International Centre for Genetic Engineering and Biotechnology, New Delhi

Sun Pharma Science Foundation

I am writing to provide clarification regarding my scholarship status. Although I was not awarded any scholarships for my studies apart from the PhD stipend provided, I am committed to pursuing my academic and research goals with dedication and perseverance.

The PhD stipend I receive is essential for supporting my educational and living expenses, and it has been instrumental in allowing me to focus on my research and academic responsibilities. While additional scholarships would have been beneficial, I remain focused on maximizing the opportunities available to me and contributing meaningfully to my field of study.

I am grateful for the support provided by the PhD stipend and continue to seek out other avenues for professional and academic development. If there are any additional details or documents required regarding my financial aid status, please let me know.

Thank you for your understanding and consideration.

Sincerely,

Md Abubakar, PhD research scholar

Pharmacology and Toxicology

NIPER HAJIPUR
