

Dr Lt Col A. Ravikumar, MS(ENT), Dip.NB, DLORCS(England), FRCS(Glasgow), FAMS
Pro-Vice Chancellor (Medical & Health Sciences)

NOMINATION FOR RESEARCH AWARD

I have great pleasure in proposing Dr. Shiva Priya for the Research award by Sun Pharma Foundation. Dr. Shiva Priya is an outstanding faculty member of the SRM Medical College Hospital with an impressive record of Research work and Academic achievements.

She has 10 research publications in the indexed journals.

Her work in the field of molecular genetics in treating patients with ENT Disease will open up newer methods of treatments.

As Pro-Vice Chancellor, I have observed her work in the period from 2021 to 2023. Contributing to this, this grant will help her work in the field of Molecular genetics.

She has been good in Academics. An outstanding student from school, she has won several accolades including two gold medals in postgraduate course and being the best outgoing student in the subject of ENT. She is a keen researcher with an inquisitive mind and will be a worthy recipient of this award. This will enable her to further foray into research in molecular biology.

This can be linked with her pre-existing research in the field of Chronic Otitis Media in order to get converted into translational research benefiting many patients.

Dr. Lt Col A. Ravikumar
Pro-Vice Chancellor
Faculty of Medical and Health Sciences
SRM Institute of Science and Technology
