

Purpose of Sponsorship

I am writing to nominate Shaikh Mohd Aatif Jamil Ahmed, a research scholar at Jamia Hamdard University, for the SUN PHARMA SCIENCE FOUNDATION RESEARCH FELLOWSHIPS & SUN PHARMA SCIENCE FOUNDATION SCIENCE SCHOLAR FELLOWSHIPS is currently pursuing a Ph.D. in Pharmaceutical Chemistry department, with a focus on oncology research, Synthesis, molecular docking and evaluating in-vivo & In-vitro studies.

Throughout their academic journey, Shaikh Mohd Aatif Jamil Ahmed has demonstrated exceptional dedication, innovation, and a deep understanding of their research area. Their current project, titled "Synthesis, molecular docking and evaluating in-vivo & In-vitro studies" is highly relevant to the pharmaceutical industry and aligns closely with Sun Pharma's commitment to advancing medical science and improving patient care.

The financial support provided by the Sun Pharma scholarship would enable, Shaikh Mohd Aatif Jamil Ahmed to continue their groundbreaking research, attend conferences, and access critical resources needed to further their studies. I believe that their work has the potential to make significant contributions to the field and that they would greatly benefit from this scholarship.

If you would like to add any specific details about the research, achievements, or other qualifications, feel free to share them, and I can incorporate them into the letter.
