

Declaration by the Nominee

It is to certify that the research work highlighted as claim for the Sun Pharma Research Award 2023 in Pharmaceutical Sciences has not been submitted for any other award. The work presented here is carried out by our group under my supervision. It is original and the work published in various prestigious International and National Journals and patents is achieved through active efforts of my Ph. D. students. The biological data on the NCEs was obtained from department of chemical biology, CSIR- IICT, Hyderabad. Some of the work is sponsored work, while, some work is carried out under net-working program of CSIR. The knowledge gained and skills attained have been effectively utilized by our group and others for the success of their projects.
