

Subject: Voluntary Declaration of Post-Study Commitment

I am writing to formally declare my commitment to work in public or private funded academic/research-based organizations for a minimum period of two years following the completion of my studies, as a condition of receiving the Sun Pharma Science Foundation Science Scholar Awards 2023 for my education.

I am deeply appreciative of the support and opportunity that this scholarship offers, and I understand the importance of giving back to the academic and research community that has contributed to my educational journey. It is my firm intention to leverage the knowledge and skills acquired during my studies to contribute to the growth and development of academic and research initiatives.

Sincerely,
