## **LETTER OF JUSTIFICATION/NOMINATION**

### **To Whomsoever It May Concern**

Ms. Sarita Rani is known to me since 2014 when she admitted in M. Pharmacy degree program. She did her bachelor's degree in Pharmacy, from Guru Gobind Singh Indraprastha University, New Delhi and master's degree in Pharmaceutical Chemistry from Central University of Rajasthan, Ajmer, India under my supervision. She qualified Graduate Pharmacy Aptitude Test (GPAT) in 2015 and 2017. Ms. Sarita is currently pursuing her doctoral degree at the Department of Pharmacy, Central University of Rajasthan, under my supervision. She got DBT (Department of Biotechnology) international travel grant to attend AAPS conference in 2019.

She is an attentive and incredible student and got 2<sup>nd</sup> rank in her master's degree. She has published 12 articles in reputed international journals with high impact factors. One of her review articles published in Frontiers in Pharmacology (Publications; 2017) has been cited 92 times in last three years. She has sound knowledge of handling analytical equipment's. She has excellent team spirit and can manage as team leader also. She actively participated as a volunteer, and member in different activities of Department Club and University.

She always made helpful and insightful comments whenever required in the discussion of seminars held in our division. Finally, her stay in our university had increased her scientific breadth and made her a person with excellent oral and writing skills along with good aptitude, innovation and more matured than her age. She is always a courteous and a respectful colleague and interacted well with the other researchers in my group and within the department.

I strongly recommend her candidature for the award of Sun Pharma Science Scholar Awards-2021 because she is a competent candidate with better and justified ability to crack this award. I am also happy to reply to any query regarding his academic performance in the future.

With thanks and regards

Umesh Gupta
