LETTER OF RECOMMENDATION

To

The Research Director of Sun Pharma

Sub: Recommendation of Sun Pharma Science Foundation Research Awards 2021.

Respected Sir,

I take an impression on one of my faculty members Prof. (Dr.) P. Sudhir Kumar regarding his effort on innovation research activities and he is an excellent researcher in drug design and development. He has shown a consistently strong desire to learn medicinal chemistry and is very strong in the subject. He has published more than seventy research papers with reputed journals including 'European Journal of Medicinal Chemistry', 'Biomedicine and Pharmacotherapy', 'Journal of Cellular Biochemistry', 'Scientific reports' and 'Drug Development Research' and is Doctoral Scrutiny Committee (DSC) member of several universities. Under his supervision, five research scholars were awarded and all are well placed. Under his supervision it may please be noted that Mr. Shashank Sekar Swain (PhD Scholar) has received the Sun Pharma Science Foundation's Science Scholar Award for the year-2017 in the field of pharmaceutical sciences, and also his team got the prestigious award Gandhian Young Technological Innovation Award (GYTI-19) from Honorable Vice-President of India at Rashtrapati Bhavan for the contribution of new drug development of leprosy. I shall strongly recommend him as a candidate for the Sun Pharma Science Foundation Research Awards in Medicinal and Pharmaceutical sciences.

Regards

Dean **DEAN**
