To whom it may concern

This is to certify Miss **Kandati Kusuma**, a dedicated and diligent researcher under my supervision, has successfully conducted the research work titled "The Influence of Probiotics in Reducing Cisplatin-Induced Toxicity in Zebrafish (Danio rerio)" as part of her academic pursuits. I am pleased to provide my unequivocal endorsement that she is the primary author and contributor to the research work described herein. Moreover, I would like to highlight Kusuma's excellent collaboration and communication skills, which were instrumental in working effectively with other team members and colleagues. She actively engaged in academic discussions, seminars, and conferences, showcasing a keen interest in sharing her research findings and knowledge with the scientific community.

I am proud to inform you that the research work conducted by Kusuma received the Best Presentation Award at the International Conference on Global Trends in Applied Sciences, Medical, and Health Sciences, REVA University and has made a valuable contribution to the field of Probiotics for Cancer management. As evidence of her accomplishments, I would like to provide the citation for the research work, which has received 8 citations in short time.

I am confident that she will continue to make meaningful and lasting contributions to the Biomedical Sciences community and beyond. Their work serves as an inspiration to fellow researchers and students, and their commitment to the betterment of science aligns perfectly with the values of this esteemed award. It is with great pleasure to provide willing to her nomination for the **Sun Pharma Science Foundation Science Scholar Awards-2023** is being forwarded with good faith in the nominee's candidature for the award.
