To whomever it may concern,

Greetings,

This letter is to certify that all the research work that Mr. Parth has submitted for the Sun Pharma Science Scholar Award has actually been done by him. I have known Mr. Parth since January 2021. I have solely witnessed his work since the day he joined my research group.

I am nominating his name for Sun Pharma Science Scholar Award after evaluating his work with respect to his qualification, achievements and his contribution to the pharma field.

Thank you,

Sincerely,

Dr. Rajesh g. Gonnade.
