

To Whomsoever It May Concern

This is to certify that the abstract of research work submitted by Ms. Ashwini Vasudevan for the Sun Pharma Science Foundation Science Scholar Awards entitled '*Liver extracellular matrix-based nanofiber scaffolds for the culture of primary hepatocytes for drug screening*' is an original research completed by her under my supervision. She has completed this work as a part of DST-ASEAN funded project in which she has served as a Junior Research Fellow from 2020-2022.
