कल्याणी, डब्ल्यू.बी. 741245

Date: 04-07-2024

To Whom It May Concern,

I, Dr. Ajay Chhabra writing to strongly support Dr. Ramya K.P for the Sun Pharma Science Scholar Fellowship to present her paper at the IFEA World Endodontic Congress in Scotland [11-14th Sep,2024].

As her mentor at AIIMS Kalyani, I have witnessed her exceptional dedication and contributions for this research work. Her paper presents significant findings on **"Exploring the Potential of AI Models in Conservative Dentistry and Endodontics Applications: A Systematic Review"** and has garnered considerable interest within the academic community.

Presenting at the IFEA World Endodontic Congress will provide her with invaluable opportunities to share her research, receive feedback, and network with experts. This Grant will crucially support her attendance by covering necessary expenses. I am confident that she will represent our organization with distinction and that her participation will enhance both her professional development and our field.

Thank you for considering this nomination. I fully endorse Dr. Ramya K.P's application for this Grant.

Dr. Ajay Chhabra
