

Voluntary Declaration from the Applicant

To Sun Pharma Science Foundation,

I, Avik Chattopadhyay, hereby declare my commitment to work within public or privately funded academic/research-based organizations for a minimum of two years upon the successful completion of my studies. I understand and acknowledge the importance of contributing to these institutions' growth and advancement of scientific knowledge and innovation.

I am fully aware of the responsibility that comes with this commitment and eager to engage in meaningful research, collaboration, and the application of my academic pursuits to address real-world challenges. This commitment aligns with the broader goal of furthering the progress of science and its potential benefits to society.

I am dedicated to upholding integrity, professionalism, and excellence within these organizations. I look forward to making a meaningful impact and contributing to the betterment of society through my contributions to academia and research.

This declaration is made voluntarily and with the utmost sincerity.

Sincerely,

Avik Chattopadhyay
