

## **Declaration of Commitment to Work in Academic/Research Organizations**

I am Ms. Sonal Fande, and I declare that I will work in academic or research-based organizations for at least two years upon completing my studies. As an applicant pursuing a Ph.D. at BITS-Pilani, Hyderabad Campus, I understand the significance of contributing to advancing knowledge and innovation within these fields.

My education, combined with the practical experience gained during my studies, will enable me to make valuable contributions to the academic and research sectors. I am dedicated to fostering growth and progress through my work, and I am excited about the prospect of collaborating with esteemed professionals and researchers to further our collective goals.

By voluntarily making this commitment, I aim to play an active role in applying the theoretical knowledge I acquire and continuously expanding my skill set through practical application and collaboration with experts in the field. I am confident that this dedication will contribute to the field of biomedical science and positively to the growth of the academic and research communities.

Please consider this request as my formal declaration of aim to work in academic or research-based organizations for a minimum of two years following the successful completion of my studies. I am fully aware of the responsibilities that come with this commitment, and I am enthusiastic about the prospect of making a meaningful impact.

Yours Sincerely,

**Ms. Sonal Fande**

**Ph.D. Student, ICMR-SRF, Department  
of Pharmacy**
