

LETTER OF RECOMMENDATION

It is a great pleasure to recommend **Dr. Shanmugam Rajeshkumar**, who is known for me for the last seven years as a good researcher and **World Top 2% Scientist survey by Stanford University USA**. Rajeshkumar is a perceptive, sharp and has an excellent academic background. I have had many occasions to observe her participation and interaction towards research. Rajeshkumar has proven that through hard work, follow though and team work can accomplish tasks in a courteous and timely manner. To his credit he has published quite a number of research articles in reputed journals.

I highly recommend Dr. Rajeshkumar to the Research Award in Sun Pharma Research Foundation.
