**Recommendation to PI:**

- The study should be initiated only after registration of the study with Clinical Trials Registry India (CTRI). PI is requested to submit Final CTRI reg. no before the enrollment of first participant.

**Decision: Approved. IEC approved the study till 01.10.2021. It is mandatory to submit study status report annually. Failure to submit the annual status report may result in withdrawal of IEC approval. You are requested to submit annual status report on or before 01.10.2019.**

**Your request for Intra Mural funding support will be forwarded to TRAC for further action.**

**Following points must be noted:**

1. IEC has approved recruitment 150 subjects on this study.
2. IEC should be informed of the yearly progress of the study by the PI. In order to ensure that there is no lapse in the IEC approval period, it is mandatory to submit study status report 3 months (90 days) prior to lapse of study validity.
3. IEC has approved the conduct of the study at TMC (TMH and ACTREC).
4. Principal Investigator and study team should be GCP trained.
5. PI and other investigators should notify initiation of the study. Principal Investigator should intimate the IEC after accrual of first 10 participants in the study or after 6 months of initiation of study whichever is earlier.
6. PI and other investigators should co-operate fully with data and safety monitoring Sub-committee (DSMSC), who will monitor the study from time to time.
