NOMINATION LETTER

It is with great pleasure to nominate **Ms. Harmandeep Kaur Gulati** for consideration for the *Sun Pharma Science Foundation Science Scholar Awards 2021* in recognition of her outstanding efforts in the research work.

I have known her for the last 4 years and she impressed me with her ability to be articulate about difficult concepts and texts, her sensitivity to the nuances within literature, and her passion for research with creative expression both in and out of research work.

Being a keen researcher, she asks very pertinent questions and displays a strong understanding of laboratory principles. She always participated actively in research related discussions. Her ability to relate theory with its practical applications has always ensured a complete understanding of the concept. She has published nine research and two review articles in various reputed journals. Because of these efforts, she has received DST-PURSE fellowship sponsored from Department of Science and Technology, New Delhi in 2017 and CSIR-SRF fellowship sponsored from Council of Scientific & Industrial Research- Human Resource Development Group, New Delhi in 2021.

In last, I strongly recommend her candidature for the *Sun Pharma Science Foundation Science Scholar Awards 2021*.

8.9.2021
