TO WHOMSOEVER CONCERNED

This is to certify that the research work submitted for Sun Pharma Science Scholar award entitled "Bioinspired biomaterials for regenerative medicine" is carried out by Debyashreeta Barik, 3rd Year, Ph.D student at DBT-Institute of Life Sciences.

The original research work is carried out by her under my supervision from the academic year 2018-on going at present. On the basis of the declaration made by her, I recommend the report for Sun Pharma Science Scholar award 2021 for evaluation.
