Bhabha Atomic Research Centre

Radiation Biology and Health Sciences Division

31st August 2023

Sub: Confirmation of ethical clearance of the project submitted by Ms. Archita Rai for the Sun Pharma Science Foundation Science Scholar Awards 2023

This is with reference to the application submitted by Ms. Archita Rai for Sun Pharma Science Foundation Science Scholar Awards 2023. She has successfully obtained ethical clearance from the appropriate regulatory authorities. The project, conducted at Bhabha Atomic Research Centre adheres to the highest ethical standards and protocols.

The ethical clearance process included a comprehensive review of the project's objectives, methodologies, data collection procedures and safety with respect to animal experiments. The cell lines used under this project were procured from The European Collection of Authenticated Cell Cultures (ECACC). The experiments have been conducted as per the ethical guidelines laid down by the committee. I am confident that the outcome of this project will contribute positively to the field of cancer therapeutics keeping all the ethical considerations and research conduct in to account.

Please contact the undersigned in case any further clarifications required.

Prof. Santosh Kumar Sandur
